About the Event

This fall, Kosovo joins the **10th CASSINI Hackathon** — a Europe-wide initiative backed by the **European Commission** and the **European Space Agency** (ESA), implemented by **Prishtina REA**. Taking place simultaneously in only **10 European countries**, this edition is delivered through the same platform, with identical criteria across all locations.

Themed **"EU Space Technology for Consumer Experience"**, the event challenges young minds to use cutting-edge space technologies to enhance experiences in:

1. **Gaming**
2. **Sports**
3. **Tourism**
